Oleg Nowak, Manager Marketing & Sales, VD Gulf

14:00–15:00 Lunch, European & Continental Restaurants

15:00–16:00 TRAINING SESSION BY LUFTHANSA TECHNIK.

HOW TO ACHIEVE COST-SAVINGS IN OPERATIONS BY MEANS OF DIGITALIZATION

МОДЕРАТОР: *Aleksey Sinitsky, Research and Development Director, Infomost Consulting*

Case 1. A digital technical logbook can replace the manual and paper-based process of capturing technical issues during flight/on ground and enables a seamless, realtime digital pilot-to-maintenance collaboration.

Case 2. Condition Monitoring consolidates aircraft data from different sources - this enables the airline's Maintenance Control Center as well as troubleshooters and system engineers to manage the condition of the entire fleet on a single screen or mobile device.

Petar Maric, Product Sales Manager, Digital Fleet Services, Lufthansa Technik

PARTNERS

16:00–18:00 SPECIALIZED SESSION. **WHICH CUSTOMS PROCEDURES APPLY TO AIRCRAFT AND COMPONENTS**

MODERATOR: *Nariman Kutlubayev, Head of Customs Clearance and Consulting Department, **Nawinia Rus***

Customs Duty Relief and Exemptions for Aviation and Ground Equipment.
Record Keeping System and Reporting to Customs Authorities

*Nariman Kutlubayev, Head of Customs Clearance and Consulting Department, **Nawinia Rus***

Required Advance Notification of Customs Authorities on Cargo on Board Commercial Flights. Usage Practice and Prospects

*Iliya Romanov, Director, **Alta-Soft***

Administering Written Approval from Russia's Ministry for Industry and Trade Regarding Purposeful Import of Aviation Components for Securing VAT Benefit

*Yuriy Timashkov, Head of Aviation Industry Department, **Ministry for Industry and Trade***

Some Aspects of Determining Customs Value When Importing Aircraft and Components

*Marina Volkova, Director of Customs Practice, **PWC***

Streamlining Customs Procedures for Aircraft Mro on the Russian Territory

*Elena Novikova, Head of Customs Clearance Department, **S7 Cargo***

Emerging Issues of Legal Practice in Customs Filings

*Konstantin Kurochkin, Head of Law Office, **Tamozhenny Advocat***

18:00 Cocktail reception

DAY 2, SEPTEMBER 16

8:30 Participant registration, morning coffee

9.00 Beginning of the exhibition

10:30–11:20 SPECIALIZED SESSION.

AIRCRAFT ENGINES AND APUS: MRO AND LEASING

MODERATOR: *Alexey Komarov, Director for Analytics and Consulting, **ATO Events***

Saving Cost by Maintaining Engines on-Wing and Rectifying Damages during the Lease Return Process

*Vincenzo Sansone, Product Sales Manager, **Lufthansa Technik***

Organization Process for the Maintenance of Power Plants

Renat Asibakov, Head of Quality Management Division, A-Technics

11:20–12:00 Coffee break

12:00–12:20 SPECIALIZED SESSION.

NEXT-GEN INTERIORS: NEW FLEXIBLE SOLUTIONS

MODERATOR: *Alexey Komarov, Director for Analytics and Consulting, ATO Events*

The Technology of the Swedish Company for Combating Condensation on Aircraft and Ensuring the Humidity Necessary for the Health and Comfort of First Class Passengers

Pavel Sadovnichiy, Partner, RuSky

12:25–14:00 SPECIALIZED SESSION. **AIRCRAFT COMPONENTS**

МОДЕРАТОР: *Aleksey Sinitsky, Research and Development Director, Infomost Consulting*

How to Ensure a Sufficient Volume of Aircraft Components in Changing Conditions

Ignaty Vakorin, Independent Expert

Authenticity of Components for Russian-Made Aircraft

Kristina Matytsina, Senior Certification Specialist Quality Management Division, A-Technics

Certification of the Organization of Maintenance of Aircraft Components According to the Requirements of the BCAA: New Opportunities, Benefits, Prospects

Philipp Tipikin, Lead Auditor of the Quality Control Service, A-Technics

Aircraft Components: From Service to Production

Sergey Khrustikov, Head of Projects, S7 Technics

14:00–15:00 Lunch, European & Continental Restaurants

16:00 Conference and exhibition closes

Organizers reserve the right to change Speaker line-up.
